DEDICATION

To you who have understood, assisted, and encouraged us; to you who have sacrificed so generously to prepare us to take our places among citizens of two worlds, earth and heaven--to you, dear parents, ministers, and devoted teacher, religious and lay, we the students of Tyrrell High School dedicate this, our 1962 annual to you to prove our hospitality toward you for all that you have meant to us through the past years, and for the hope you have built in us for the years to come.

May every page of it be a reminder of the great light we have achieved through your instructions, guidance, sacrifices, and encouragements, and as we shall go out from Tyrrell High School we shall endeavor to better approve our appreciation, by taking our rightful places in life. To this end, we are dedicating the 1962 Bull Dog to everyone's friend.

FOREWORD

We, the staff of the Nineteen Hundred and Sixty two yearbook, hope that this publication will become one of most treasured possessions.

In late years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '62 we shall be content, knowing that we have done the thing we were called upon to do.

We, further hope we have recorded the past events well enough to keep them alive for decades to come; with this in mind, we present to you your 1962 Bull Dog.

The staff and advisors wish to extend thanks to those who helped to make this publication possible.

ALMA MATER

True as the blue in the sky above, in bright clad colors she stands; Guarding us ever the school we love, the pride of carolinian lands. Perched upon her throne of grace, in beauty, awe, and splendor; Within our hearts no other place can hold a spot more tender.

Dear old Tyrrell we never can forget the years we spent together; Sun-shiny days of joy, and then, unwelcome hours of gloomy weather. Though from thy fold we proudly roam, we often think of home sweet home; The Dear old school we love sincerely.

If from thy vigil we never stray, or from thy pathway we trod; Grant that fond mem'ries may lead the way and guide us, through grace to God. Through achievements we shall spell the words that build a story of three our Alma Mater tell of honor and of glory.

CLASS HISTORY

Early in September 1950,--64 eager youngsters boarded the schooner, USS Tyrrell Elementary to become fishermen in the sea of knowledge. We were put into a crew with a commander. We were given a rod, reel and bait. We received the basic instructions on how to fish for the fish of basic education. After the instructions, we cast our lines and began to fish for the fish of basic education. Some of the crew members, who failed to follow the instructions or orders of the commander lost their lines. A small number did not make a catch and therefore, were put on a sloop to receive additional training.

Each year we were given a new commander and journeyed further into the sea of knowledge. On our voyages we had several broken lines and substained many losses of crew. We were not shipwrecked nor did we give up the search for knowledge. Each journey was made with a new determination.

After eight years of basic training and discipline, we finally made the grade of fourth class fishermen aboard the frigate, USS Tyrrell High. We operated or fished under a new schedule of class. Mrs. J. F. was our commander. We were given new equipment of block and tackle. We made our first voyage to catch the big fish of science, mathematics, english, literature, and social science. We had to demonstrate our skills that we had acquired aboard the schooner. We were a crew of 56. The fishing began to get tough and the waves were high and as usual some of our crew lost their tackle.

On our second voyage as third class fishermen, we were a crew of 49 strong. Mrs. H. S. Rowsom was our commander. We were informed to go for additional fish. Again some of the crew was disobedient and had to be placed on a sloop. As second class fishermen with 36 crewmen we were placed under the same commander. We were told to think of the fish of higher education and to make preparations to fish for it. Now we were ready to make our final voyage as first class fishermen aboard the frigate. Although we had faced many storms at sea, we were grateful to achieve this goal. With 29 well-trained crewmen, the frigate pulled anchor and left the dock. Many of us were very fortunate and the catch was many. Some felt that they had enough fish to begin their life in the world. Some made plans to board the ship of higher education. On our voyages we had set many records and broken some.

CLASS SONG

By: Peggy U. Winley
Tune: Land of Hope and Glory

With a sadden cry of pleasure
We invite you this commencement hour
With sadness that cannot be measured
By each senior's cry.
Tyrrell High we know we will miss you
For you were such a dear old school
In our hearts there will always be a place
For honoring your name with love.

In our glee we want your favor
T'will complete and guide the way
So we're minding our behavior
On this glorious but dreaded day,
Tyrrell High, Dear Old Tyrrell
It seems that now is the hour to recognize you first

Refrain:
Tyrrell High, Dear Old Tyrrell,
In our hearts we will recognize you first

CLASS POEM

When I consider how the past four years
Perchance one twentieth of all my days have been
Attempting my poor marks to raise,
Cramming, filled with groans and bitter tears
A dream this graduation night appears.

For which the powers that be I loudly praise,
And at myself in awe amazement gaze
I welcome tonight your presence cheers,
That makes our happiness the more complete.

It's good to hear your plaudits for our work
Rejoice with us, who learned before too late
What all must know, as in farewell we meet;
None pass who merely bluffy or idly shreik,
They study hard who ever graduate.
